## VERDUN'S FATE HANGS IN BALANCE; MONSTER FRENCH GUNS REMOVED

**INNER REDOUBTS ALONG EASTERN FRONT  
EVACUATED—BERLIN CLAIMS FRENCH  
STRONGHOLD MUST CAPITULATE**

(By International News Service.)

BERLIN, Feb. 29.—According to recent dis-  
patches received here from German correspondents  
at the front, the largest of the guns defending the  
Verdun fortifications are being removed and tak-  
en to the rear of the French lines.

It is further reported, some of the inner re-  
doubs along the eastern district have been evac-  
uated. There seems to be a spirit of unrest and  
fear in the ranks of the men defending the strong-  
hold, if Teuton messages from the line are accepted  
as the truth.

Taken all in all, these various dispatches cor-  
roborate the prediction that the fall of Verdun is  
imminent. There is no limit to conjecture of the  
success and destructive result of the ensuing Ger-  
man drive, should the great French fortress capit-  
ulate.

### 45,000 Teutons Killed at Verdun.

AMSTERDAM, Feb. 29.—The Vandias News  
agency states that the Kaiser has already lost the  
appalling number of 45,000 soldiers, in operations  
of his troops near Verdun. It is also understood  
one regiment was formed out of the remnants of  
10 others.

### Official Paris Statement.

PARIS, Feb. 29.—The Official Communique  
admits the Germans have at last captured Man-  
huelles which is but a short distance southeast of  
Verdun. It is further stated the Teuton attacks on  
the village of Douaumont were successfully re-  
pelled in a fierce hand-to-hand fight.

The city of Verdun is gradually being battered

to pieces by the huge guns of the enemy which have  
been vomiting death at the town constantly since  
last Thursday. A score or more civilians have been  
killed and many others are fleeing from the battle  
front.

### Official Berlin Statement.

BERLIN, Feb. 29.—German headquarters an-  
nounce the capture of Manhuelles and Champlon,  
fortified villages on the southeastern front of Ver-  
dun. The total number of prisoners taken by the  
Teutons in the great drive has been increased to  
17,000.

## FEDERAL STEAMBOAT INSPECTORS WHO "O. K'd." EASTLAND REINSTATED —DECLARED NOT IN ANY WAY AT FAULT

(By International News Service.)

WASHINGTON, Feb. 29.—Federal steamboat  
inspectors, Robert Reed and Charles Eckliff who  
put the official government "O. K." on the East-  
land, were today reinstated by Secretary Redfield  
and given a "clean bill of health". At the same  
time, Secretary Redfield issued a statement highly  
commending them.

The steamer Eastland which turned turtle in  
the Chicago river as she was leaving her pier, was  
a large excursion boat of steel construction. Near-  
ly a thousand lives were lost in the accident. The  
passengers rushed from one side of the vessel to the  
other, causing the top-heavy hull to roll under the  
additional human weight.

## ENGLAND SAYS GERMAN STATEMENTS ARE FALSE

(By International News Service.)

**CLAIMS ARMED MERCHANT VESSELS ARE  
NOT SUBMARINE HUNTERS—WERE NEV-  
ER ORDERED TO TAKE OFFENSIVE.**

(By International News Service.)

WASHINGTON, Feb. 29.—It was stated at  
the British embassy today that Great Britain will  
take sharp issue with the German contention that  
her merchant vessels are really submarine hunters.

An official denial will be issued to the charges  
embodied in the appendices of the Teuton note  
which claim the English admiralty ordered mer-  
chant ships carrying guns to attack the under-wa-  
ter craft.

Already Ambassador Page has been assured by  
Foreign Minister Grey that all such statements are  
entirely false. Meantime the state department has  
begun a detailed search for the missing appendices.  
It is believed they have been delayed by Ambassa-  
dor Gerard.

WASHINGTON, Feb. 29.—It is understood  
that before the cabinet meeting President Wilson  
and Secretary Lansing held a conference lasting  
a full hour. The international situation was stud-  
ied from every angle and all documents pertaining  
to it to a marked degree were read and discussed.

Afterward, Secretary Lansing denied flatly the  
published rumor that he had stated he regarded the  
situation as more hopeful. The secretary declared  
he had expressed no opinion upon the matter and  
no basis existed for quoting him.

WASHINGTON, Feb. 29 (3:00 p. m.).—  
The cabinet discussed the international situation  
for a full hour. Secretary Lansing explained to  
them that while the German's position did not nec-  
essarily mean immediate violation of American  
rights, something was likely to come up at any  
moment which would demand prompt action by  
the United States.

\*\*\*\*\*  
 "THE ROSARY" AT THE  
 CRESCENT THEATRE  
 \*\*\*\*\*

The Crescent theater will offer the seven-reel Selig Seal Play, "The Rosary," on Tuesday, as one of the big features of the year. A more artistic and dramatic photo-play could hardly be imagined than this production by the Selig Polyscope company. It is based upon the famous drama by Edward E. Rose and tells the story of the many trying events which fill the life of Father Kelly. From childhood he was told that his calling was the church and his heart directed him that way, but in early manhood when a young girl came into his life he wavered for a short time from his determination. He won the battle which raged in his heart, however, and devoted himself to the church. Later in life a boy—the son of the woman he loved—came to him and Father Kelly cared for the boy as though he were his own. The boy grew to manhood and married. His wife's sister was ruined by a worthless fellow and in protecting the girl's name the wife aroused the husband's suspicion. A separation followed and Father Kelly, heartbroken over the tragedy, did all he could to bring them together. In

the end he was successful and happiness came into their lives again.

 "THE CALL OF THE CUMBERLANDS" AT CRYSTAL  
 \*\*\*\*\*

The attraction at the Crystal today is "The Call of the Cumberland." Samson South, destined to be the leader of the clan of the Souths in their feudal activities with the Hollman faction in the Cumberland mountains, displays talent as an artist. During the period of a truce between the factions he is discovered by an artist, who is in the mountains painting the scenic beauties. Held in the grip of indecision as to leaving his mountain home and the love of his youth or casting aside ambition, he finally decides to go to New York to study.

There he meets the beautiful and polished sister of his artist-benefactor and as success is pouring its wealth at his feet, he answers the call of the Cumberland and returns to lead his faction in a spectacular battle with the Hollmans who have violated the truce.

And then Samson South answers the call of his heart.

Star of a score of photoplays that hold rank as among the very finest production of the cinematographic art, Dustin Farnum has been accorded by popular acclaim a position in the van of American screen artists. In his

roles of the virile American he appeals as no other actor can to the senses of justice and fair play through his eminently skillful interpretations.

In such a role as this Mr. Farnum is to be seen in "The Call of the Cumberland," in which he will bring out in even greater efflux than in "The Gentleman From Indiana," his current triumph, the sympathy of his audience.

 "THE BANKHURST VICTORY"  
 AT THE ARCADE THEATRE  
 \*\*\*\*\*

The attraction at the Arcade theatre today is entitled "The Bankhurst Victory."

Reginald Mason, manager of J. Jacard & Son, jewelers, conspires with Jim Hanson to steal the famous Kaffire diamond. This celebrated gem recently has been recovered from crooks by Remar, the detective, and placed in the vaults of Jacard & Son. Mrs. Mason overhears the plot, and pleads with her husband not to commit the theft. Failing to move him,

she slips out that evening and talks to Hanson.

The next morning Mrs. Mason's body is found in the shrubbery. Hanson, believing himself safe, summons Remar, who makes a brief examination and then declares that the woman has been stabbed. Her husband is accused of her murder. Hanson's wife is masquerading at the hotel as "Miss Eleanor Brown." Remar sees her leave the hotel with Mason. The detective follows. Later, returning unseen to his room, he watches through a hole which he has previously made in the curtain, the interior of Hanson's room. He sees Mason hand Hanson the Kaffire diamond.

That night, Remar tries all the shoes, left out in the hall to be shined, and finds that Hanson's fit the plaster cast of the footprint. Early next morning he summons his assistant. Scarcely has he returned to his room, when he sees Hanson and the supposed "Miss Brown" leaving in an automobile. He realizes that Hanson is making his getaway with his wife.

Remar dashes into a taxicab and gives pursuit. He overtakes the crooks, and leaping onto the running board of their machine, points his pistol at the driver's head. Hanson stabs

the detective, and Remar is left unconscious by the roadside. Here he is found and revived by his assistant. The two give chase in the assistant's racing machine. Hanson and "Miss Brown" are captured at the depot. Remar sends his aide to arrest Mason. The eminent detective recovers the Kaffire diamond and restores it to Jacard & Son before they discover that the priceless valuable has been stolen.

 "UNDINE AT THE NEW"  
 DAYTONA THEATRE  
 \*\*\*\*\*

"Undine," featuring Ida Schnall, in six reels, at the New Daytona Theatre Wednesday and Thursday.

This is a feature in which extraordinary beauty of scene alternates with a story of intense interest, and we offer the champion woman athlete of America, and champion fancy diving expert. This was adopted from the German fairy story, which has been translated into every language on the face of the globe, and is familiar to every land. The production was made by Henry Otto, one of the most capa-

ble of the younger school of moving picture directors, and displays a grasp of wondrous beauty and a touch of almost of magic.

"Undine" out-does "Neptunes Daughter" in every respect, not only for the greater interest of its story, but for the greater beauty of its wonderful water scenes, and Ida Schnall put Kellerman's Annette Kellerman, and in addition performs many wonderful diving stunts which put her in a class by herself in this respect.

To Remove Mildew From Linen.  
 Mix soft soap and powdered starch, half as much salt, and juice of one lemon. Rub the linen well in this solution and let lie on the grass for a day and night. This treatment will remove mildew stains without harming the finest linen.

His Hallucination.  
 "When I take too much quinine for my malaria, as I occasionally do," confessed the Old Colger. "It affects my head and makes me think very foolish things. I remember once of getting so that I heard queer noises in my head, and for nearly a whole day fancied I was an 'hon' and was being solicited by my many friends to run for the legislature." —Kansas City Star.

## LOOKING BACKWARD

It is simply great to look back two years and realize that most of the good things that were planned and promised have come to pass.

ALLANDALE has been laid out on broad lines — broad streets help to give people a broader view of life.

A town without restrictions, because we do not need them—we are all pulling together for what is best for the town.

If we may judge the future by the past it is full of untold opportunities.

"Allandale is like a young rooster—plenty of crow and the spurs to back it up."

## Ye Inn

Has entertained nearly all the notables, except "John D.," and even he would be pleased with the extreme cleanliness and the cheery prospect of a glass of real milk served in a manner to suit the most fastidious taste.

A cup of tea to warm the cockles of your heart—stop any afternoon where it is a real pleasure to serve you—even the servants are imbued with the idea of making this little Inn the most popular place on the "Dixie Highway."

Pleasant Custom.  
Kissing formerly was an official part of the English marriage service.

Brotherly Love.  
Brotherly love is vital, not mechanical. How refreshing is the dew! It gives new life and verdure to all it touches. Brotherly love is independent of organizations, it is independent of all social mechanisms.—Doctor Thomas.

What Every Woman Should Know.  
A woman is not expected to know much about Russian history or the internal workings of the Austrian empire, but every husband expects his wife to know right off the bat where he threw his dress tie the last time he took it off.—Detroit Free Press.

To Protect Wall.  
To wash, paint or varnish wood-work without soiling or marring the wall, use a piece of window glass with a straight edge about twelve inches long to hold between your work and the wall. This can easily be cleaned and will not warp or bend, as does a piece of cardboard, which is sometimes used.—Cleveland Plain Dealer.

## The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearings Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

**Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.

**Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

**Faster Ribbon Feed**—Insures new place of impact for each typeface.

**Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

# THE HUDSON Super-Six

Six cylinders is the smallest number of cylinders that will produce continuous power in a gasoline motor.

In size the motor is identical with last year's Hudson Six. Last year's Hudson, at its maximum, developed only 42 horsepower; the Super-Six develops 76 horsepower, an actual increase of 80 per cent in power without any added size.

The Hudson Super-Six so eliminates vibration that on a testing block, at enormous speed, it hardly shakes a pencil stood ON END. In high motor speed capacity it exceeds by half, the best of former Sixes.

The Hudson Super-Six is equipped with an engine that will attain a speed of sixty miles an hour in 25 seconds from a standing start.

CELEBRATED FIFTEENTH  
 BIRTHDAY ANNIVERSARY

Miss Ruth Tice, daughter of Mr. and Mrs. C. A. B. Tice, enjoyed a pleasant celebration of her 15th birthday anniversary, Monday evening, at her home on West Magnolia avenue, a few of her young friends and companions being invited to be present in honor of the occasion. Games were played and refreshments enjoyed by the young people, who wished Miss Ruth many happy returns of the day.

MEETING TOMORROW OF  
 LOCAL D. A. R. CHAPTER

The regular meeting of the local D. A. R. will be held at the home of Mrs. Robert S. Holmes, on Halifax avenue, Daytona Beach, tomorrow afternoon at 2:00 o'clock. Annual dues should be paid at this meeting.

Visiting D. A. R.'s are cordially invited to be present. The literary program will begin at 3:00 o'clock.

Miss Lila Merrill, of Eufaula, Ala., who has been the house guest of Mrs. Charles Egbert Starr, at "Farniente," on Peninsula Drive, has returned to her home in Alabama after a most delightful visit with Mrs. Starr. Miss Merrill has been a winter visitor at Daytona for several years, and has made a number of firm friends while a guest here, with her sweet personality and charm of manner, so true to the lovely Southern girl.

The Murray L. Stanleys of North Ridgewood avenue, motored over to Sanford, Monday, accompanied by W. E. Hayward and charming Miss Aida Hayward, returning early in the evening. Their mission was to attend the meeting of the Florida Drainage Association. Mrs. Stanley is chairman of the State Waterways committee of the State Federation of Woman's Clubs, so it necessitated her presence at the meeting. The party had a very pleasant trip and found the roads in very good condition, barring, of course, the exceeding dryness of the weather and the ultimate dust.

The regular weekly card party, given by the ladies of the Tourists club of St. Paul's church, was held Monday afternoon in the church hall on Myrtle avenue. The attendance was larger than usual and a pleasant afternoon was enjoyed by all. The ladies occupied six card tables and auction was in progress for several hours. Mrs. John Uebelhoer was awarded first prize, while Mrs. E. N. Conrad received second.

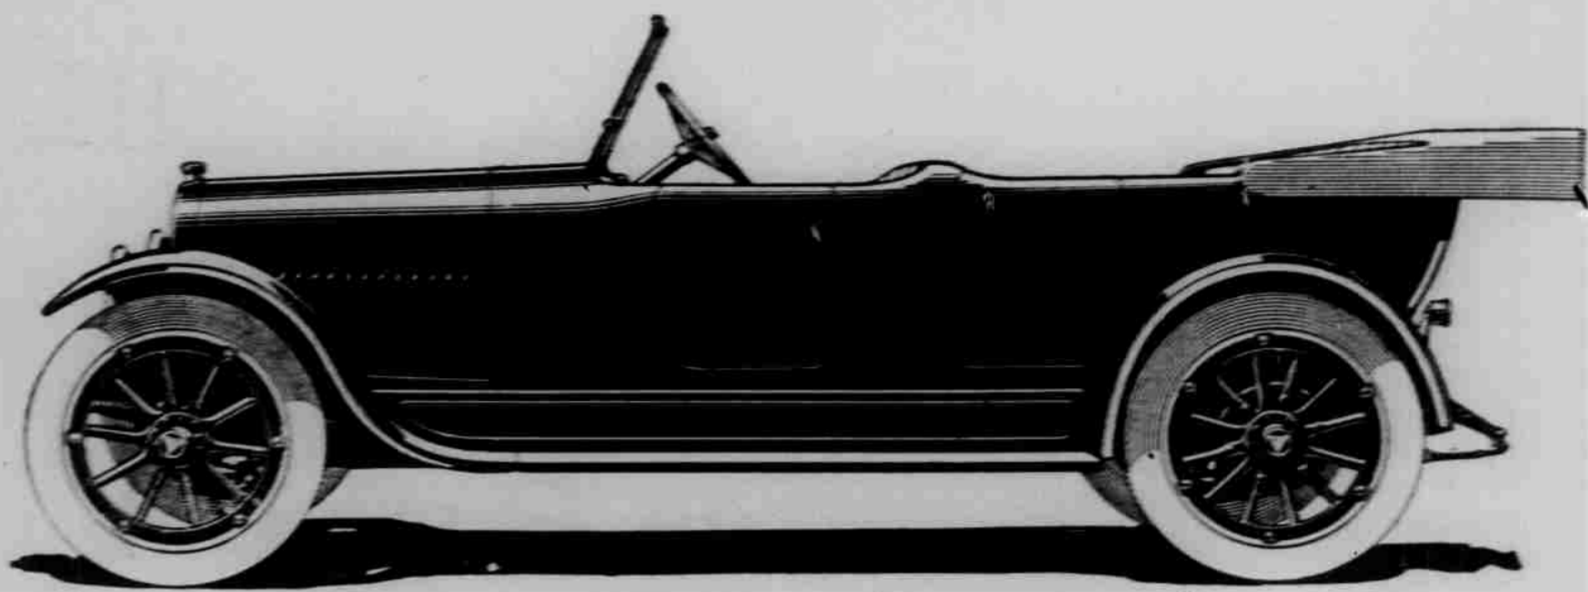

A charity musical and dramatic entertainment will be given in the Casino at the Ormond hotel, Tuesday evening, February 29th, by the pupils of the Educational and Industrial School for Negro Girls of Daytona. Some of the leaders of society and prominent clubwomen from all sections of our country, guests at the hotels and cottagers,

have given a great amount of their time to make this entertainment a success, and have lent their names as patronesses for the occasion. The proceeds will be devoted to the negro school.

Burst of Eloquence.  
 This is from Australia: "Gentlemen, a member of the house has taken advantage of my absence to tweak my nose behind my back. I hope that the next time he abuses me behind my back like a coward he will do it to my face like a man, and not go skulking into the thicket to assail a gentleman who isn't present to defend himself."

All Rests on Fate.  
 During a prolonged study of the lives of various men both great and small, I came upon this thought: "In the web of the world the one may well be regarded as the warp, the other as the woof. It is the little men, after all, who give breadth to the web, and the great men firmness and solidity, perhaps also the addition of some sort of pattern. But the scissors of the fates determine its length and to that all the rest must join in submitting itself."—Goethe

## H. C. CANTWELL HERE ON HIS WAY TO MIAMI

H. C. Cantwell, traveling passenger agent for the Illinois Central railway, is in the city for a few days, having come to Daytona Monday night from Jacksonville. Mr. Cantwell had only returned to Jacksonville the previous day from Chicago, where he had been since last October. His many friends in Daytona and vicinity will learn with regret that he will make Miami his headquarters this season, instead of being here, as in a number of past seasons. He will, however, be here toward the end of the season. He is now expecting the arrival from St. Paul, Minn., of A. J. McDougall, district passenger agent of the I. C., who is well known to many of Daytona's winter visitors, and who will look after the interests of the Seminole Limited at this place.

Speaking of the unusually heavy travel to Florida continuing so late in the season this year, Mr. Cantwell said that he thought it due to the fact that more people are awakening to the realization that March and April are the pleasantest months of the year in this state, and were no longer so much disturbed by the fact that many people were already returning north, realizing that in a majority of cases their presence was required at home by business.

Must Work to Attain Success.  
 You will find no stopping-place along the line of progress; there may be relays of new impulses, but no stopping-places. Work intelligently—work with energy and force to achieve success, and if you persevere success will surely crown your efforts.

Inhabitability of Mars.  
 The question of the habitability of Mars is one on which astronomers differ greatly. The sole evidence in favor of the existence of intelligent beings on it is the obviously artificial nature of the so-called canals as some astronomers see them. There cannot be said to be evidence of additional canal construction on the planet, the whole question of the existence of any canal being still a matter of controversy.

Expected a Real Boat Ride.  
 A contest, for the enlargement of the Sunday school, entitled "A Trip to Palestine," had been planned by the superintendent. One mother, whose son George was a member of the school, hearing that the superintendent intended taking the scholars for a boat ride, hastened to remark, "Them can go what wants to, but I don't know whether I'll let George go or not."—National Monthly.

## ENJOYED AUTOMOBILE TRIP TO MAGIC CITY

Mr. and Mrs. Alfred C. Thompson, of Baltimore, Md., who are occupying the Malby bungalow on Orange avenue, have just returned to Daytona after a most delightful week's trip to Miami. Mr. and Mrs. Thompson motored to and from Miami, and report a favorable condition of the roads all the day. Their many friends there made their visit all to short with all sorts of entertainment, dinners, dances, yacht trips and the like. Mr. Thompson's returning to business, Thursday, made it necessary that they shorten their very enjoyable stay.

## THE WEATHER

FOR FLORIDA: Generally fair and colder in the north portion of state. Winds, moderate variable.

Well, I'm stiff and sore today. I'm covered with remorse in the local guise of Ford bites. Did you ever get Ford-bitten? 'Tis not pleasant. Much depends, however, where you get bitten. I know a man that got bitten to death with ants. He got bitten to death in his gas factory. Yep, in his gas factory, and it happened so quick none of the factory employees could help him. But I wasn't bitten in my gas factory. No! I was bitten near the fish market—half way between the fish market and the plumber shop. Never mind, never mind! Here's your attendant with a straight-jacket. Yet there are times when it comes over me that the old world is a bit more crazy than the new. Think of it! Think of it! There are all those foolish soldiers trying to get to Verdun. Verdun is dry. Verdun does not rival Louisville in pretty women, but all those block-heads are trying to immigrate there. Gee, they could come to New York with half the trouble.

Well, speaking of Ford bites, frost bites and Jacobites; here's a little sentimental stuff about the grandest old Indian tribe in the world, barring Tammany. Drive on! Drive on!

### SEMINOLE.

Far away the sun sinks red,  
Sinks below the hammock's ring;  
Far away in jungle bed,  
The crimson light, at last, grows dim.

Far away the moon climbs high,  
A big round disk of white;  
And hangs betwixt the earth and sky,  
A ghostly beacon light.

Lo! Don't you hear them coming,  
That deep and rumbling sound;  
The noise of horses drumming,  
On patches of hammock ground?

A cry breaks clear the stillness  
A cry one cannot describe;  
A cry that boasts of sadness,  
The cry of the Seminole tribe.

So wake at the mid-night hour,  
And hear through the hammock land;  
The cry of a by-gone power,  
The cry of the Seminole band.

—THE WEATHER MAN,  
By Eugene Jones.

 \*\*\*\*\*

**Evil Effects of Fear.**  
 Fear is the acid which is pumped into one's atmosphere. It causes mental, moral and spiritual asphyxiation, and sometimes death, death to energy and all growth.—Horace Fletcher.

**Permanent Reformation.**  
 Biggs—"Hello, old man, how are you? Haven't seen you for a long time. How's your brother doing? Has he pulled himself up yet?" Migs—"Do you know that my brother has given up smoking, drinking, gambling, and all bad habits, and has gone to a quiet little place in the country?" Biggs—"You don't say so? Where?" Migs—"To the graveyard."

**Good Hunting Country.**  
 Wild animals are not numerous in Sind, although occasional reports are heard of tigers, panthers, leopards, wolves and hyenas. The jackal is very common, while bears are sometimes seen in the hills. The gad or wild sheep, the ibex, the chinkers, the black buck and the hog deer are comparatively common, while the wild pig is very prevalent at times.

**Which?**  
 Is woman more interesting than man, or the reverse? Man varies more. He has more genius in exceptional individuals, and less of genius-like insight in the average person. He competes; woman endures. He builds externally, she at home. He fights; she preserves. Our worthless opinion is that men are more interesting than women, but that woman is more interesting than man.—Harper's Weekly.

**Ruling Spirit Strong in Death.**  
 Mrs. Mazzuchelli, of Carmarthen, England, left a bequest in her will of \$5 a year to pay for the cleaning of the marble of her grave with soap and water.

**Daily Thought.**  
 Man's highest merit always is, as much as possible, to rule external circumstances, and as little as possible to let himself be ruled by them.—Goethe.

**Books.**  
 It is not sufficient to merely stuff ourselves with various collections of books; unless we masticate everything thoroughly books will not give us strength and nourishment.—Locke.

**Daily Thought.**  
 The world would be better and brighter if people were taught the duty of being happy as well as the happiness of doing their duty. To be happy ourselves is a most effectual contribution to the happiness of others.—Sir John Lubbock

**Cardinals Other than Papal.**  
 England has cardinals other than those created by the pope. At one time there were officials of that title attached to a number of our cathedrals, whose duty it was to visit the sick and relieve the needy, but St. Paul's is now alone in the possession of a senior and a junior cardinal, elected by the deans from among the minor canons. One of the holders of the title in recent times was the author of the "Jackdaw of Rheims."—London Chronicle.

## JACKASS AND KAZO'S MAY ALL GO TO JAIL, SAYS MAYOR BINGHAM

Mayor Bingham says he won't stand  
for any raw stuff in the Elks' parade,  
to be pulled off Friday afternoon, and  
if the bunch don't watch their P's and  
Q's, he'll put the whole works in jail,  
including the jackass and the kazoo  
band. The only difficulty the mayor  
anticipates is keeping the jackass in  
jail. The calaboose hasn't even been  
able to hold an ordinary prisoner, let  
alone a jackass. Another difficulty  
the mayor has in mind will be the at-  
titude of the residents of the com-  
munity where the jail is located if the  
kazooers and the jackass start bray-  
ing at the same time.

Exhausted Rooster Crouch says he  
has cautioned the boys to soft-pedal  
and not do anything that will offend  
the discriminating tastes of the gen-  
eral public (for beer), but he feels  
confident no one will pay any atten-  
tion to his suggestions.

The parade will start from the Elks'  
home at 3:00 o'clock, Friday after-  
noon, and will wander around for an  
hour or so. Mayor J. D. C. Morris  
will be the marshal and David Sholtz  
will be his assistant. The marshal  
will ride a jackass. At least reports  
Assistant Marshal Sholtz and located  
no mode of conveyance and it may be  
that he will have to ride the same animal  
as the marshal.

Big Miller's Virtuoso Kazoo band is  
rehearsing nightly will be in fit shape  
for Friday.

Twenty candidates for initiation  
into the mysteries of the Elks' order  
will assist in affording amusement for  
the public.

## REQUESTS THAT ALL DONATIONS BE PAID

F. M. Rowe, who is in charge of the  
chair fund for the Casino Burgoyne,  
with headquarters at the Rowe Jew-  
elry store, requests that all who have  
subscribed to the fund, and have not  
yet paid, send in the amount of their  
donations, preferably in the form of  
checks, made payable to the "Chair  
Fund." In some cases the donations  
were paid at the time the name was  
entered on the register, but the list  
shows that many of the subscriptions  
have not been paid, and Mr. Rowe  
would like to have them cleared up to  
the first of March.

### Seeing the Pacific.

Nunez of Balboa bears a peculiar re-  
lation to Panama. He was not the dis-  
coverer of the country nor its first  
settler, nor was he the organizer or ad-  
ministrator of the government in this  
part of Spanish territory, but he was  
the first white man to behold that  
broad sweep of ocean which we now  
call the Pacific, and he saw it from  
Panama territory.

### DAYTONA RAISED HIS ESTIMATION OF FLORIDA

H. W. Lavalley, of Hardwick, Vt.,  
was the guest of Mr. and Mrs. W. W.  
Marshall, from Sunday until Monday  
afternoon, at their winter home in  
Marshall Park, Daytona Beach. Mr.  
Lavalley had been for some time at  
Tampa, Sebring and other places on  
the West Coast and interior of the  
state, and says that if he had not come  
to Daytona he would have returned  
north with a wrong impression of  
Florida, but this city and vicinity were  
a revelation to him. During his short  
stay, Mr. Marshall showed him the  
city and much of the vicinity, by tak-  
ing him about in his car, and Mr.  
Lavalley was very greatly pleased  
with Daytona and its environments.

### RAILROAD EVANGELIST IS SOJOURNING IN DAYTONA

Thomas Keenan, of Newark, N. J.,  
who is a Daytona visitor for a time,  
met with a pleasant surprise in find-  
ing here, H. J. Rogers, of Point Pleas-  
ant, N. J. Mr. Rogers had not seen  
Mr. Keenan for more than 30 years,  
but recognized him on sight. Mr. Keen-  
an, who for 47 years was a locomot-  
ive engineer, and 40 years of that

time a railroad evangelist, has only  
recently completed a tour of the var-  
ious lines of the Gould system, preach-  
ing the gospel and prohibition to the  
employees of the roads. He is now  
enjoying a period of rest and recrea-  
tion.

### VOLUSIA AVENUE TENTERS LEAVE FOR NORTHERN HOME

Mr. and Mrs. William Quackenbush,  
who had been tenting for two months  
or longer on the E. M. Lockrow prop-  
erty, on Volusia avenue, left Monday  
afternoon for their home in Findley,  
Ohio. Mr. and Mrs. Quackenbush  
came to Daytona from Jupiter, where  
they had purchased property, which,  
on their arrival at that place, they  
found was not properly drained or fit  
for habitation. They were so well  
pleased with Daytona that they de-  
cided to remain here for the rest of  
the winter, and secured permission  
to pitch their tent on the Lockrow lot.

## FIRE CHIEF SENDS ANNUAL REPORT TO CITY COMMISSIONERS

FIRST REGULAR MEETING OF  
COMMISSIONERS HELD MONDAY  
AFTERNOON. HAND-OVER-BILLS  
PAID.

At the first regular meeting of the city commissioners, held yesterday afternoon, a number of hand-over-bills, as well as the regular accumulation of indebtedness against the city of Daytona were paid.

Commissioner Porter was authorized to purchase a typewriter, adding machine and other necessary office fixtures, and Commissioner Smith was empowered to purchase a trailer, to be used for carrying additional fire hose in case of emergency.

Fire Chief French submitted his annual report, which showed that during the year 34 calls had been answered by the department. The pump-out was called for three times. The fire truck ran 55 miles during the year, and water was turned on 14 times; the chain-hose was used 11 times, and 22,000 feet of hose were laid. The value of the buildings destroyed by fire during the year amounted to \$14,000, while the value of the buildings which were on fire amounted to \$145,000. The insurance on the property burned amounted to \$1,151.00.

### Comparative Age.

"A man's as old as he looks, but a woman's as old as her best friend says she is."—Detroit Free Press.

**Live Poultry in New York City.**  
New York is becoming a live poultry town. Each year for several years past an average of 8,000 permits is issued to individuals to keep live chickens, geese, ducks and other fowls. This is an effort to keep abreast of the high cost of living.

Mr. Mailey expects to return Wednesday or Thursday.

## SIEGEL TO LEAVE PRISON TOMORROW

ROCHESTER, Feb. 29.—Henry Siegel, former New York department store magnate, will leave the Monroe county penitentiary tomorrow morning at eight o'clock, having served out his prison term for criminal financial manipulation.

He has been a model prisoner and obtained five days off a month for good behavior. His work here is to assist in looking the prisoners on entrance and taking the Hamilton two-ords.

Although the prison doctors say Siegel's health has been improved by incarceration, his experience has "told" on him and he looks several years older than he is. He had one attack of the grip, which forced him into the hospital.

Siegel refuses to divulge his plans. He entered the penitentiary on June 23rd of last year.

### Good Night Light.

If a small piece of camphor is prepared and placed in a bowl or glass of water it will be found to float on the surface, and when lighted will prove a good night light, especially as camphor is a good disinfectant, and its small size is all to its advantage.

### Origin of "Uncle Sam."

The name Uncle Sam was first used in Troy, N. Y., in 1812, when some goods bought for the government and marked U. S. were inspected by Samuel Wilson, a government employee, whose nickname was Uncle Sam. The similarity of the initials suggested the adoption of the familiar picture was soon created.

## ONE—WRECKS NEW ENGLAND WAR MUNITIONS FACTORY

(By International News Service.)

WOBURN, Mass., Feb. 29.—Three huge vats of dynamite-powder in the process of manufacture exploded here early today, completely wrecking the two-story concrete building of the New England Chemical company. It is understood the concussion was so great that windows were smashed in Melrose, Malden and as far away as Lynn. One man is missing.

The plant was recently erected to make munitions for the Allies and has been doing a tremendous business during the past year. Officials claim the explosion an accident.

## WILBUR BY THE SEA

WILBUR-BY-SEA, Feb. 29.—Saturday evening a very pretty man-queer ball was given in the club house, under the direction of Mr. and Mrs. F. H. Bryant, Miss Fannie Piper and R. G. Craighead. The ball-room was crowded with merry-makers, and many unique costumes were worn.

The prize for the best gentleman's make-up went to Donald Stewart. The ladies prize went to Mrs. J. W. Wilbur, whose successful make-up made it impossible for anyone to recognize her. The prize for the most unique costume went to Mrs. J. H. Carr, who was dressed to represent an Ice Cream Soda.

Yes, it was some ball. Every costume was represented. They ate a great "Gonzo-garage crowd" at Wilbur.

The Sunday song service was in charge of Mrs. Carr. A very interesting musical program was enjoyed by those present. Lester Tilden rendered a very pleasing baritone solo, accompanied by Miss Ruth Wilbur on the harp. Selections were rendered by the quartet, consisting of Harold Bates, baritone; Mrs. F. S. Bryant, contralto; Mrs. H. W. Bates, soprano, and A. P. Guman, tenor. Miss Wilbur gave also a very pleasing harp solo.

Wilbur-by-Sea is very fortunate in having two very charming harpists in the colony. We doubt if any other colony in Florida is as fortunate.

On Monday afternoon, Mrs. D. E. Stewart entertained the ladies at her home on Ocean avenue. Miss Ross entertained with solos on the harp, after which a very dainty collation was served.

Mr. and Mrs. A. S. MacLachlan and Mr. and Mrs. A. E. Jones returned on Monday from a week's trip to Palm Beach and Miami.

The tennis court at Wilbur is now completed. It is one of the best and fastest courts in the state, and will be

much enjoyed by the many lovers of that sport, who are staying at Wilbur.

Mr. Wilbur has sold the cottage on Cardinal avenue to W. F. Cobb, of Melrose, who buys for occupancy. Mr. Cobb is making plans which will greatly improve the property and be a great addition to the town.

Mr. Cobb has sold his property at the corner of Cardinal avenue and Toronto avenue to Duncan L. Stewart, of Rockford, Ill. Mr. Stewart also is planning improvements.

### Extremes.

There are two certain causes of family trouble: A woman's love of dry goods, and a man's love of war.

### Evidently Crazy With Love.

"Bears out to be married; held on instantly change. We've known men to get mad after they were married a while, but this was probably was of a certain disposition to start with."—Philadelphia Public Ledger.

### What Did He Mean?

"Don't you know that your wife should have had the doctor's report in getting on this drink?" Judge Charles White said of a prisoner, released on American bonds. "I have no view," the prisoner replied. "Well, then, what on earth did you want to get drunk for?" asked the judge.

### Inexpensive Joy.

The amount of joy in one's life is not at all dependent upon the amount of money one spends. A man can get just as much fun, for instance, out of lying about the height of his romantic plants as he can out of pursuing the same course with respect to his village per gallon of gasoline.

### Conscience.

Conscience is a matter of education in combination with environment. Many a wage worker has done his employer a grievous wrong, and many an employer has ground an employee in the dust, yet in neither instance has either been reproached by an accusing conscience.
